

When inclement weather causes or makes probable hazardous road conditions, King George County Schools may open late, close early, or close for the entire day. Weather and road conditions are monitored with school board staff and through information obtained through the [Virginia Department of Transportation](#) and our local Sheriff's office. The safety of students, families and staff is the priority when weather prompts adjustments or closure of our schools.

King George County Schools will broadcast information regarding school closings or delays with the list below. If you have questions regarding School Messenger, please contact Dr. Carleen Carey, Coordinator of Communication, via email, ccarey@kgcs.k12.va.us or by calling 540-775-8603.

Broadcast Portal	Direct Link	Information
School Messenger By default, you will receive a phone call based on the phone number that is in your child's Power School account. Contact the school your child attends to change that number.	https://accounts.relianceco.com/#/login?clientid=raweb-client	To add additional methods for school notifications (add text messages and email) login to the School Messenger InfoCenter OR log in to your Parent Portal account and go to the Contact Manager.
